Join us in the Texas Medical Center

The Harris County Institute of Forensic Sciences (HCIFS), Houston, Texas located on the Texas Medical Center (TMC) campus – the largest medical center in the world – offers two distinct services for the Harris County community; the Medical Examiner Service, and the Crime Laboratory Service. Accredited by seven accrediting organizations, and a member of TMC since 1983, HCIFS serves Harris County, the metropolitan Houston area, and six surrounding counties with a population of more than 4.7+ million.

◀ HCIFS located within
the TMC3 life-sciences
and research campus

HCIFS Features

- Independent county department - integrated medical examiner office and crime laboratory
- Located in the Texas Medical Center (TMC3) life-sciences and research campus (opening Fall 2023)
- Extensive variety of medical examiner case type and complexity
- National Association of Medical Examiners (NAME) accredited medical examiner service
- ISO 9001 certified management system
- Internationally accredited Crime Laboratory Service (ANAB & ABFT)
- Continuing Medical Education (CME) – TMA-CME accredited, tailored to forensic pathology and offered regularly in-house
- Accredited, in-house forensic anthropology and neuropathology consultants with independent, on-site processing suite and examination room
- ACGME accredited forensic pathology fellowship program
- Modern, 5-year-old facility featuring large 14,000 sq. ft. morgue – large suite with seven (7) autopsy stations, three (3) additional autopsy rooms, and a specialized cardiovascular pathology, and neuropathology consultation suite
- Private dictation booths in autopsy suites with in-house transcription services
- Regularly scheduled on-site cardiovascular pathology case consultations
- In-house toxicology and histology services
- Lodox full-body imaging
- **CT Scanner to be implemented on-site this year**

Houston Highlights

- No State Income Tax
- Two International Airports:
 - *Houston George Bush Intercontinental Airport (IAH)* - Ranked Best and Cleanest U.S. Airport*
 - *William P. Hobby Airport (HOU)* - 1st Airport in North America to earn a 5-Star International Rating*
- One of America's most ethnically diverse cities

Houston Area

The greater Houston area is home to a wide array of multicultural activities, sporting events, museums and theaters, and features many fine restaurants and upscale shopping centers. The weather in Houston is warm and welcoming, allowing for the enjoyment of the many area parks and close proximity to Galveston bay. The Houston Ship Channel, a component of one of the nation's busiest seaports, the Port of Houston, is also located within Harris County. Close proximity to marine, manufacturing, and chemical industries adds to the complexity of cases received by the Institute, with 13,878 cases reported, 5,120 autopsies, and 6,071 total exams in 2021.

Locum Tenens Forensic Pathologists

Harris County Institute of Forensic Sciences | Houston, Texas

◀ HCIFS located within the future TMC3 life science campus.

About the Harris County Institute of Forensic Sciences

The Harris County Institute of Forensic Sciences (HCIFS), Houston, Texas located on the Texas Medical Center (TMC) campus offers two distinct services for the Harris County community – the Medical Examiner Service and the Crime Laboratory Service. Accredited by seven accrediting organizations, ISO 9001 certified, and a member of the Texas Medical Center. HCIFS serves Harris County, the metropolitan Houston area, and six surrounding counties with a population of more than 4.7+ million. In 2021, 13,878 cases were reported, with 5,120 autopsies, and 6,071 total exams.

Now seeking Locum Tenens forensic pathologists, on a contract basis, to assist the full-time Medical Examiners with an increasing caseload in Harris County, Texas

Locum Tenens Position Information and Compensation

Successful candidates will be paid on a per examination basis: \$1,100 per autopsy performed. Locum Tenens forensic pathologists will cover only routine, non-criminal autopsies. A daily on-duty staff pathologist will determine jurisdiction and level of examination for all case assignments at a morning briefing.

Experience and Training Requirements

- Doctor of Medicine (MD) or Doctor of Osteopathy (DO) or Bachelor of Medicine and Bachelor of Surgery (MBBS), and a current license to practice medicine in the state of Texas.
- Experience in forensic pathology, including the completion of an accredited fellowship in forensic pathology.
- Certification by the American Board of Pathology in forensic pathology, or board-eligible in forensic pathology if recent fellowship graduate.

Conditions of Employment

- Possess a current license to practice medicine in the State of Texas.
- Reference and background checks will be conducted on selected applicants.
- Must be eligible to work in the United States without visa sponsorship.

Applicants must send a curriculum vitae to Chief of Staff/Senior Director, Operations, Julie Prine, JD, MFS at Julie.Prine@ifs.hctx.net.
