

Harris County Institute of Forensic Sciences is Hiring a Postdoctoral Forensic Anthropology Fellow

Join us in the Texas Medical Center

The Harris County Institute of Forensic Sciences (HCIFS), Houston, Texas located on the Texas Medical Center (TMC) campus – the largest medical center in the world – offers two distinct services for the Harris County community; the Medical Examiner Service, and the Crime Laboratory Service. Accredited by seven accrediting organizations, and a member of TMC since 1983, HCIFS serves Harris County, the metropolitan Houston area, and six surrounding counties with a population of more than 4.7+ million.

◀ HCIFS located within the future TMC3 life science campus.

HCIFS Features

- Independent county department - integrated medical examiner office and crime laboratory
- Located in the Texas Medical Center (TMC3) life-sciences and research campus
- Extensive variety of medical examiner case types and complexity
- 13,878 cases reported, 5,120 autopsies, and 6,071 total exams in 2021
- National Association of Medical Examiners (NAME) accredited medical examiner service
- ISO 9001 certified management system
- Internationally accredited Crime Laboratory Service (ANAB & ABFT)
- Continuing Medical Education (CME) – TMA-CME accredited, tailored to forensic pathology and offered regularly in-house
- ACGME accredited forensic pathology fellowship program
- Modern facility featuring large 14,000 sq. ft. morgue - large suite with seven (7) autopsy stations, three (3) additional autopsy rooms, and a specialized cardiovascular pathology and neuropathology consultation suite
- Lodox full-body imaging
- CT Scanner to be implemented on-site this year

Forensic Anthropology Division Features

- 3 Board-certificated Forensic Anthropologists
- Two dedicated laboratory spaces - processing and analytical
- More than 400 anthropology cases received annually
- Dedicated office space for Fellow
- First medical examiner-based Forensic Anthropology laboratory in the country to be accredited under ANSI National Accreditation Board's forensic unit ISO/IEC 17020 - overseen by the Quality Management Division with annual proficiency testing, a standardized training program, and standard operating procedures

Houston Highlights

- No State Income Tax
- Two International Airports:
 - *Houston George Bush Intercontinental Airport (IAH)*
 - *William P. Hobby Airport (HOU)*
- One of America's most ethnically and culturally diverse cities
- Largest city in Texas, third largest county in the country with a population of more than 4 million

Houston Area

The greater Houston area is home to a wide array of multicultural activities, sporting events, museums and theaters, and features an abundance of restaurants and shopping. There are many area parks and close proximity to the beaches of Galveston Island.
